Official Report Tonopah Divide Mining Company Sent Out Today

REASON FOR RAISING THE PACIFIC FLEET

By Associated Press.
SAN FRANCISCO, Aug. 4.—The report of the United States navy and dispatch to this coast of the Pacific fleet marks the end of a long campaign that has been waged by the navy and citizens of Pacific states to secure the Pacific coast as a naval base.

The Pacific coast attitude has been a great possibility of attack from the Pacific states unless the navy sent westward a large fleet.

ARSENAL BLOWN UP AND TWELVE MEN KILLED

BARITAN, N. J., Aug. 4.—At least twelve were killed and many injured in an explosion of magazines in the United States arsenal. The wreckage caught fire and flames are visible from the main structure.

OLD HIGH COST SMASHES THE MARKET

By Associated Press.
CHICAGO, Aug. 4.—The end of the high cost era is believed to be responsible for the sharp break in cotton and provisions at the opening of the market today.

By Associated Press.
WASHINGTON, Aug. 4.—Director General Hines conferred with railroad officials in Washington today on the subject of the proposed new law. President Wilson also returned from his weekend trip on the Mayflower. It is understood the president will be in the city tomorrow.

By Associated Press.
Besides the chiefs of engineers and railway trainmen, who already demanded increased wages to meet the high cost, it was expected that the heads of other two brotherhoods and organizations of shopmen and clerks would attend the Hines conference. Thus a majority of two million railroad workers would be represented.

General Hines is chairman of the cabinet committee considering the means of reducing costs and similar plans. This committee will report tomorrow at a second meeting of cabinet officers and other officials called together last week by Attorney General Palmer. They expected to transmit recommendations to the president soon.

He said if there was further delay in granting demands the situation would get beyond control of union officials. He declared that many thousands of shopmen had already joined the unauthorized strike.

TODAY'S WEATHER	
By local observer United States Weather Bureau:	
Temperature:	5 a. m. 70°
Current:	60°

TRAMWAYS STOP IN LIVERPOOL

By Associated Press.
LIVERPOOL, Eng., Aug. 4.—Tramways in Liverpool have been stopped since midnight.

CHICAGO GRAND JURY TO PROBE THE FACTS

By Associated Press.
CHICAGO, Aug. 4.—The grand jury will probe the facts of the strike in Chicago.

KNIGHTS OF COLUMBUS WILL CONDUCT FUNERAL

By Associated Press.
The Knights of Columbus will conduct the funeral of the late John J. Sullivan.

MEXICANS RELEASE MAN FROM YERINGTON

By Associated Press.
WASHINGTON, Aug. 4.—Lawrence Shipley of Yerington, Nev., kidnapped by bandits near Fresnillo, Mexico, July 19, has been released, according to state department advices.

By Associated Press.
B. J. BYRNES, accompanied by his family and George Ford, leave tomorrow for an auto trip to the southern coast which will occupy a month.

330,000 Tons in Sight No Change in Values

The report of the Tonopah Divide Mining Company today sets forth a very satisfactory state of affairs showing the estimated presence of ore valued at \$9,108,000 representing 330,000 tons based on an average value of \$27.60 per ton. The report of A. I. D'Arcy deals only with the present workings of the mine and does not attempt to forecast what the reserves will disclose when the mine has been opened to great depth at which it is confidently stated the reserves will be found to extend.

The report deals with the development and state of the mine in minute detail which precludes the possibility of reproducing the full facts in a short space.

RUMANS REMAIN IN BUDAPEST

By Associated Press.
COPENHAGEN, Aug. 4.—Premier Clemens in a message to the Italian military mission at Budapest declared that the supreme council of the peace conference does not intend to interfere with the international policy of Hungary. He said the Rumanians would be asked to halt their forces at the line which had been reached. They would not be asked to withdraw to the line fixed June 13 until the new government of Budapest strictly conformed to conditions of the armistice between the Hungarians and allied powers.

It is reported that the Italian commander sent a reply to Clemens stating that the new government is prepared to fulfill armistice conditions and requests of the allied and associated powers and lend support by each sending a regiment to Budapest. The Rumanian commander notified the Hungarian authorities that a Rumanian commission was coming to Budapest to negotiate an armistice.

MUSICIAN'S UNION CONDUCTS A FUNERAL

The remains of the late Chat Rea were interred yesterday afternoon under the auspices of the Musicians' union led by President William Young. The funeral took place from the undertaking parlors where the members of the band gathered at 10 o'clock. The chief mourner was Chas. W. Rea, who arrived in the morning from Fairfield, Ida. A brief address was made by Frank T. Dunn dwelling on the many lovable qualities of the deceased. After that the burial service was read. The exercises were interspersed with vocal and instrumental music. Miss Cricket sang the "Rock of Ages" and "The Perfect Day" accompanied by Eddie Berg on the piano and W. F. Logan on the violin. The cortege was preceded by a fourteen-piece band from the Musicians' union who marched to the cemetery where the body was committed to the grave while Miss Cricket rendered "Nearer My God, To Thee." Two bugles sounded taps and the mourners returned home. The existing brother from Idaho expressed himself greatly pleased with the attention and sympathy manifested by the Tonopah associates of the deceased.

SHELTERED IN AUSTRIA

By Associated Press.
VIENNA, Aug. 4.—Bela Kun, former dictator of Hungary and assistants, have been granted asylum in Austria.

By Associated Press.
MRS. RUSSELL WILLIAMS returned from the coast today to resume her residence in Tonopah.

NON PARTISAN BANK OPEN FOR BUSINESS

By Associated Press.
FARGO, N. D., Aug. 4.—The industrial program of the National Non-Partisan League, which was endorsed by the voters of North Dakota at a special referendum election on June 2, is being put into operation.

The bank of North Dakota, in which all state, county and municipal funds are to be deposited under the new laws, is in operation, but is not yet ready to make loans and handle deposits on a big scale.

The bank now employs twenty persons with an annual payroll of \$30,000. The bank's resources will be more than \$1,000,000. Public funds totaling \$21,000,000 have been reported and there are state bonds of \$10,000,000.

UNIVERSAL WAR SERVICE COMPULSORY

By Associated Press.
WASHINGTON, Aug. 4.—Secretary Baker will transmit to congress plans for an army of 500,000 and would make universal military training for youth of 17 compulsory. Plans also include the compulsory promotion of officers, merge chemical warfare service and engineers corps and maintain special service established during the war as separate branches. This does not affect the national guard.

In event of war the selective service act in force during the war would become operative. Baker proposed a division of the army into twenty infantry and one cavalry division. He said the plan has not yet been referred to General Pershing, but could be used as the basis for hearings with the senate military committee before drafting legislation establishing a permanent military policy. He said the bill provides for a system of universal training for a very brief period applicable to all male citizens with suitable exemptions and deferments. Under the plan youths would be subjected to military service for two years, thus creating an army of a million and a quarter.

By Associated Press.
LOS ANGELES, Aug. 4.—Oscar Lawler and wife, both were severely burned and otherwise injured by a fire that followed a bomb explosion at their home early yesterday. They are resting easily. The police said investigation established that the explosion was a premeditated crime. Towards aggregating \$4500 are offered for the arrest of persons involved. No arrests are announced.

Fire department officials said the flames attacked the home from without. They believed that some highly inflammable substance was thrown over the outer walls by the first explosion. The police said they believed beyond question that the outrage was aimed at Lawler, who was former United States attorney here. They said it was most probably an outgrowth of the McNamara dynamite cases in which Lawler appeared as special prosecutor. Other theories were that it may have been the act of terrorists or criminals who Lawler prosecuted or some person nursing a fancied grievance.

Mr. Lawler dropped his wife, who fainted from a window. She struck an awning and rolled to the ground. Lawler made a second attempt to reach his son and failed. He returned and leaped to safety. Neighbors rescued the son and nurse.

The chamber of commerce has announced \$5000, making the total of \$11,500. The mayor urged the city council to offer \$10,000.

E. A. JULIAN SUCCEEDS D'ARCY ON THE DIVIDE

A. I. D'Arcy has resigned as consulting engineer of the Tonopah Divide and Brougher Divide companies owing to the pressure of his other business, which demands his entire time. He will be succeeded by E. A. Julian, engineer in charge of the exploration department of the Goldfield Consolidated who will devote part of his time to the Divide companies.

RIOTS IN BASLE

By Associated Press.
PARIS, Sunday, Aug. 3.—It is officially reported that five persons were killed and fifteen wounded in recent strike riots in Basle.

MRS. JOHN DELKS and niece left last evening for Santa Cruz where they will join Mrs. Jos. Piercy and family with the intention of remaining six weeks.

FATHER O'SULLIVAN of Goldfield is spending the day here.

By Associated Press.
Only about \$100,000 worth of bank bonds have been sold in the state, but bank officials explain this by saying investors held off pending the outcome of the referendum. The bank had planned to sell \$500,000 worth of bonds.

When the institution is in full operation a statement similar to those from the federal reserve banks will be issued monthly outlining conditions over the state. J. R. Waters, formerly state bank examiner, is head of the bank, and F. W. Catron, for thirty years a North Dakota banker is director general.

The bank will provide funds for carrying out the industrial program, and an industrial commission will control the state owned industries to be established.

The Home Building Association, which will provide funds for persons desiring to build homes, is expected to be in operation soon. The mill and elevator association, in charge of the flour-wheat marketing and distributing system, has been in operation since. The state is expected to start an extensive building program for several months.
